

often decries but neglects: too many Americans are out of work because companies ship their jobs overseas without a thought for the workers and communities they leave behind. According to the group Public Citizen, the offshoring of American jobs has contributed to the loss of 4.5 million U.S. manufacturing jobs.

But we have an opportunity to change that. I am proud to introduce the Stop Outsourcing and Create American Jobs Act and the Outsourcing Accountability Act. These two bills are designed to save American jobs by curbing outsourcing. By cracking down on tax loopholes that give corporations a break on the backs of American taxpayers, we can grow our economy and increase economic opportunities for the middle class.

I hope my colleagues will join me in a serious discussion about how we can help our economy grow and help American workers. I welcome their support for these bills.

TWO YEARS OF THE FAILED IRAN DEAL

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, tomorrow marks 2 years since the previous administration capitulated to the dangerous Iran deal, a one-sided agreement that rewarded the regime in Tehran with a \$1.7 billion ransom of pallets of unmarked currency for four hostages and put our allies, including Israel, at risk. The Iran deal emboldened the authoritarian regime.

Just last month, U.S. Ambassador to the U.N. Nikki Haley correctly pointed out that Tehran has engaged in destructive and destabilizing actions, both testing ballistic missiles and engaging in arms smuggling.

This week, Senators TOM COTTON, MARCO RUBIO, TED CRUZ, and DAVID PERDUE, sent a letter to Secretary of State Rex Tillerson urging him not to certify Iran's compliance with the Iran deal as the deadline approaches.

Refusing to certify Iran's compliance with the Iran deal would send a clear message that President Donald Trump is committed to peace through strength and refuses to comply with a ridiculous deal that puts American families at risk.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

REQUIRE A SCORE BEFORE THE FLOOR

(Ms. JAYAPAL asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JAYAPAL. Mr. Speaker, yesterday Congressman BRIAN HIGGINS and I introduced H. Res. 441, legislation that

would require a Congressional Budget Office score before a floor vote. This resolution clearly enshrines in House rules a fundamental and very simple principle of good governance: namely, we should know the budgetary and practical impact of legislation before we vote on it.

Frankly, Mr. Speaker, it should not be necessary for us to introduce this legislation. For years, the CBO has been an important nonpartisan player in crafting legislation and giving an independent assessment of what a bill costs and whom it will benefit or whom it will hurt.

Unfortunately, we have seen House leadership rush major legislation to the floor without a CBO score, preventing Members from knowing the impact on their constituents and the budget before voting.

The most egregious example, of course, was the May 4 vote on the TrumpCare bill that barely passed this Chamber and would strip 23 million Americans of healthcare. That bill was rushed to the House floor before it had a CBO score, and Members voted blindly on it without knowing the impact on their constituents.

Our resolution simply says transparency, accountability, and know what is in the bill. No score, no floor; it's that simple.

HONORING LAURINBURG-MAXTON ARMY AIR BASE

(Mr. PITTENGER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTENGER. Mr. Speaker, I rise today in honor of the Laurinburg-Maxton Army Air Base in Scotland County, North Carolina, which played a vital but little-known role in World War II.

From 1942 to 1945, Scotland County helped prepare glider pilots for the invasions of North Africa, Sicily, and Italy. Generals Dwight Eisenhower and George Marshall visited the base during the war to observe glider training.

On June 6, 1944, when more than 160,000 Allied troops landed during the Invasion of Normandy, glider pilots trained in Scotland County were among the vanguard as American soldiers silently soared down the French coastline through the thick fog powered only by the prevailing winds.

The brave glider pilots who trained at Laurinburg-Maxton Air Base helped secure Allied victory on D-day. Today I ask you to join me in honoring those soldiers as well as the Scotland County community, which supported these efforts.

TRUMPCARE

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, the Republican House bill is a

disaster for the American people. The process by which the bill was voted on, Members had very little time to review the text. As a result, we were forced to vote on legislation without the benefit of facts, on a bill that affects a \$3 trillion annual industry.

That is why I have joined Congresswoman JAYAPAL in introducing H. Res. 441, to require a review by the Congressional Budget Office before a bill comes to the floor.

Members of Congress should have as much information as possible to make a smart decision on major legislation affecting 18 percent of the American economy. This resolution would simply affirm the time-honored principle that facts do matter and that a fair, honest, and transparent policymaking process is essential to a healthy and thriving democracy.

CELEBRATING NICKLAUS CHILDREN'S HOSPITAL IN MIAMI

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I would like to congratulate the Nicklaus Children's Hospital in Miami, which has just been named amongst the best children's hospitals in the Nation by U.S. News & World Report.

Since 1950, Nicklaus, located in my congressional district, has been a shining light for our community and one of the leading pediatric healthcare centers in the world. Its doctors, nurses, and staff work tirelessly to provide the highest quality of care to children and teens in south Florida every day.

Nicklaus also includes the Miami Children's Research Institute, one of the largest providers of clinical research services for children in the Nation. From cardiology to neuroscience, our institute is at the forefront of the development of treatments and medicines which are improving the lives of kids not just in south Florida, but around the world.

So, once again, congratulations to Nicklaus on being selected as one of the best children's hospitals in the United States. Thanks to everyone at Nicklaus for continuing to inspire hope and promote lifelong health by providing the best care to every child in our community.

The SPEAKER pro tempore. The Chair would ask Members to heed the gavel.

TRUMPCARE PROMISES

(Mr. TONKO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TONKO. Mr. Speaker, The Senate is introducing yet another version of TrumpCare today. I rise to express my grave concern with the most harmful aspects of this mean and merciless bill.
